Comment on FR Doc # 2015-08831

Submitter Information

Name: Howard Brickman

General Comment

I request that you modify the pending restrictions on the buying and selling of options in IRA accounts because it will restrict me from executing one of the most productive income producing transactions with relatively low exposure to risk. The Covered Call. BY executing this transaction within my IRA account it eliminates the need to report the profits and pay federal income taxes on them. Please don't restrict access to this very important method of generating income particularly in the current zero interest environment.
